

What do they say?

My experience at the bootcamp was amazing, I was incredibly inspired each day by the other leaders, the team and the guest-speakers who shared their stories, thoughts and feelings with us, giving us an insight into their lives and careers. I also learned more about the importance of a mentor and role-model, which is extremely useful for the future and we talked about the qualities of a leader and how everyone is the leader of their own lives, making me feel quite self-assured and optimistic.

I loved that it was a non judgmental environment and that everyone was so kind and inspiring. Everyone should do this bootcamp, so good for confidence! Yes I definitely would recommend it to my friends because it was an amazing experience.

Thank you so much for all the notes and suggestions with regards to my work and parenting life. I am very grateful for your advice and for sharing all the information about different platforms, opportunities where I can find more connections, ideas in order to feed my practice and my work. You have encouraged me to follow my path and to make more space for other things to happen, opening eyes to other possibilities. Thank you again for seeing the potential in what I do. You have given me lots of motivation, fuelling my passion and interests to get on track and carry on my work. I am very grateful to have you as my mentor!!!

I liked that it was about the achievement and contributions of women in the dance sector away from creative brilliance but that it was really focused on LEADERSHIP. Something that I feel often falls way too short. So thank you for this!

Women In Dance Award Ceremony, March 2021

Thank you for creating a brave space for women to share their thoughts, challenges and hopes. It's been so nice to be so welcomed into the space each Thursday and to connect with each other in this way.
